LOGO & PLACEMENT

LOGO OVERVIEW

THE MARK OF MODERN INTELLIGENCE

Bold, purposeful, and forward-looking, the Acquire Intelligence logo embodies the clarity and confidence of a brand built for progress. With clean lines and deliberate weight, it signals precision without pretence. It doesn't shout, it leads.

This is a logo for a company that moves smartly, adapts quickly, and always puts intelligence into action.

ACQUIRE

INTELLIGENCE

The logo for Acquire Intelligence, featuring the word "ACQUIRE" in a large, bold, dark blue sans-serif font, with the word "INTELLIGENCE" in a smaller, all-caps, dark blue sans-serif font directly beneath it.

LOGO VARIATIONS

LOCKED FOR CONSISTENCY

The Acquire Intelligence logo is locked to two approved variations to ensure absolute consistency across all applications. These are the only versions permitted for use:

- **Primary Logo:** Full-color logo in Adriatic on a white background. This is the default and preferred version across all brand materials.
- **Reversed Logo:** White logo on an Adriatic background. This version is only to be used when the background color or setting prevents use of the primary logo.

LOGO DON'T USE

WHAT NOT TO DO

To preserve the integrity of the Acquire Intelligence brand, the logo must never be modified or applied in a way that compromises its design. The following are strictly prohibited:

- Do not alter the logo's colors outside the approved palette.
- Do not stretch, compress, or distort the logo in any way.
- Do not add shadows, gradients, or any special effects.
- Do not rotate or tilt the logo.
- Do not place the logo on backgrounds that reduce legibility or clash with brand colors.
- Do not recreate, redraw, or use partial elements of the logo (e.g., the 'A' in isolation).
- Do not place the logo inside a shape or container not approved by the brand team.
- Do not use outdated or unapproved versions of the logo.

Correct and consistent application of the logo is essential to maintaining brand strength and trust.

LOGO PLACEMENT

CLEAR SPACE & POSITIONING

To maintain visual clarity and ensure brand recognition, the Acquire Intelligence logo must always be placed with care and consistency.

Clear Space

A minimum clear space must be maintained around the logo at all times. This space should be equal to the height of the letter “A” in the logo. No text, graphics, or other elements should intrude into this area.

Preferred Positioning

The logo should be positioned in one of the following locations:

- Top right corner (preferred for most layouts, including digital and print)
- Bottom right corner (acceptable when top left is not feasible)

Backgrounds

Only place the logo on brand-approved background colors or high-contrast, neutral backgrounds that preserve legibility.

COLOR PALETTE

COLOR PALETTE OVERVIEW

APPROVED COLORS

Consistency in color usage plays a vital role in reinforcing the Acquire Intelligence brand. Please use only the approved colors when developing any branded materials, including digital assets, printed collateral, merchandise, signage, and environmental branding.

COLOR ACCURACY & PRINTING GUIDELINES

- Always match colors to their corresponding Pantone (PMS) color chips for accuracy in print.
- CMYK values have been optimized for consistent print reproduction across coated and uncoated stocks.
- Screen previews (RGB/HEX) will differ from printed output - always confirm against a printed proof.
- color appearance may shift depending on lighting, materials, and application (e.g., signage vs. textiles).
- Avoid approximating or substituting any colors outside this palette.
